

Dear Manager,

I love your shop. I'd love it even more if you carried my favorite soda, Zevia. It's what soda should always have been. 100% natural, zero calories, no sugar and sweetened with stevia, a sweet little miracle of nature.

Zevia is made by soda-loving people for soda-loving people because it's time to feel good about what you drink.

Perhaps you carry a couple flavors, but you really should have the whole line because you are missing my favorite. Zevia makes all of the familiar favorite flavors I crave, including Cola, Lemon Lime Twist, Orange, Ginger Root Beer, Black Cherry, Ginger Ale, Dr. Zevia, Grape, Cream Soda, Grapefruit Citrus, Caffeine Free Cola and Mountain Zevia. These are available from UNFI and many other distributors.

I beg of you, please call Zevia and get some information on this naturally delicious soda for your store? Pretty please, with absolutely no sugar (lots of stevia) on top?

Send an email over to zevia@zevia.com for distributors in your area or call 800.230.2221.

Chill & Enjoy!
