

Dear Store Manager,

I love your store. I'd love it even more if you carried my favorite soda, ZEVIA. It's what soda should always have been. All natural, zero calories, no sugar and sweetened with stevia, a sweet little miracle of nature. ZEVIA is made by soda-loving people for soda-loving people because it's time to feel good about what you drink.

ZEVIA has recently re-launched in Canada and is now available for shipment to your store. Perhaps you carried ZEVIA in the past, or you are new to the magic that is guilt-free, zero calorie, natural soda. Either way, the nice people at ZEVIA would be happy to provide you a sample and more information.

For your ease, here are the ZEVIA UPC codes now available at many fine distributors in Canada.
